Gear shift knob, sport

Op. No.: 43212

An exclusive gear shift knob in smooth leather with reflective strips providing stylish effects when dusk falls.

This gear knob is not only attractive but also provides excellent grip.

These accessories can also be superbly complemented by the sports mats, see [Mat, passenger compartment floor, sport with reflective edging](#), where the reflective theme also runs along the edges.

Offered for both manual and automatic transmission.

Part. No.	Description
